PMAS Arid Agriculture University Rawalpindi
UIIT

Mobile Application Development

Assignment# 2

Q1: Write the name of GUI Components you've studied in java (Desktop Application), and its alternative VIEW available in Android.

Solution:

J2SE GUI Components	Android GUI Components
JFrame	Activity
Label	TextView
RadioButton	RadioButton
Combobox	Spinner
Checkbox	Checkbox
InputText	EditText

Q2: Create Splash screen of your semester project. Idea of semester project is same as you're going to develop final year project(FYP).

Submission Format

Submission Online on LMS and google classroom both. All questions place in one folder and name of the folder is your name and Arid number, zip that folder and then submit.
